Super Air Amplifier Shim Set

This shim set includes (1) .006" (.15mm) thick stainless steel shim and (1) .009" (.23mm) thick stainless steel shim. Shims may be interchanged to change the air gap setting. The shim thickness sets the air gap opening. (*Do not stack individual shims.*)

Larger air gaps give more flow and higher velocity. Air consumption doubles if the air gap opening doubles, etc.
